Grand Rapids, MI 49504

Subject: Notification per PRN 98-10 – Adding Optional Marketing Statements to the Master Label  
Product Name: Combat 30  
EPA Registration Number: 57787-2  
Application Date: 08/15/2016  
Decision Number: 522188

Dear Mr. Murray:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Farzana Olla at 703-347-0190 or via email at [olla.farzana@epa.gov](mailto:olla.farzana@epa.gov).

Sincerely,

A handwritten signature in red ink that reads "Jacqueline Hardy".

Jacqueline Hardy, Product Manager (34)  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

*All text in brackets [brackets] is optional and may or may not be included on final label.*

**COMBAT 30**

[For Control of Algae in Swimming Pool Water]

KEEP OUT OF REACH OF CHILDREN

**CAUTION**

[See first aid and additional precautions on back panel]

ACTIVE INGREDIENT:

Poly(oxyethylene(dimethyliminio)ethylene(Dimethyliminio)-ethlyene dichloride).....	30%
OTHER INGREDIENTS.....	70%
TOTAL.....	100%

This product contains 2.67 lbs. of active ingredient per gallon and weighs 8.9 lbs. per gallon.

Packaged by:  
Haviland Consumer Products, Inc.  
421 Ann St. NW  
Grand Rapids, MI 49504

EPA Reg. No. 57787-2  
EPA Est. No. ~~57787-MI-4XXXXX-XX-XX~~

Net Contents: (see container label)  
Batch Code # / Lot #: (see container label)

**NOTIFICATION**

57787-2

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

11/21/2016

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Harmful if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

<b>FIRST AID</b>	
<b>If Swallowed:</b>	<ul style="list-style-type: none"><li>• Call Poison Control Center or doctor immediately for treatment advice.</li><li>• Have person sip a glass of water if able to swallow.</li><li>• Do not induce vomiting unless told to do so by the poison control center or doctor.</li><li>• Do not give anything by mouth to an unconscious person.</li></ul>
<b>If on Skin or Clothing:</b>	<ul style="list-style-type: none"><li>• Take off contaminated clothing.</li><li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li><li>• Call a Poison Control Center or doctor for treatment advice.</li></ul>
<b>If in Eyes:</b>	<ul style="list-style-type: none"><li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li><li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li><li>• Call a Poison Control Center or doctor for treatment advice</li></ul>
<b>Note to Physician:</b> Probable mucosal damage may contraindicate the use of gastric lavage.	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information call CHEMTREC at 1-800-424-9300.	

**ENVIRONMENTAL HAZARDS**

*(Containers less than 5 gallons)* – This product is toxic to fish and aquatic organisms.  
*(Containers greater than or equal to 5 gallons)* - This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This algacide is used to control the growth of algae in swimming pools, exterior spas, whirlpools, and hot tubs. For maximum effectiveness pools, spas, whirlpools, and hot tubs containing heavy growth of algae should be cleaned prior to using this algacide.

For pools having just visible algae growth, add an initial dose of 24 to 36 fluid ounces of this algacide per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool add initially 13 to 24 fluid ounces of this algacide per 10,000 gallons of water. Subsequent additions of 4 to 9 fluid ounces of this algacide per 10,000 gallons of water must be made every 5 to 7 days after initial treatment for maintenance.

Combat 30 (EPA Reg. No: 57787-2)

~~October 17, 2014~~ October 27, 2016

Page 2 of ~~63~~

Spas, whirlpools, or hot tubs having just visible algae growth require an initial dose of 2 to 4 fluid ounces of algaecide per 1,000 gallons of water. For treatment of a freshly cleaned spa, whirlpool, or hot tub add initially 1 to 2 fluid ounces of algaecide per 1,000 gallons of water. Subsequent additions of 0.5 to 0.8 fluid ounces of algaecide must be made every 5 to 7 days after initial treatment for maintenance.

This algaecide is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. This algaecide can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix this algaecide with concentrated dry or liquid chlorine products.

*Optional Marketing Statement*

[There are three important steps to follow to maintain sparkling clean water in your [pool][spa][or][hot tub]:]

[Step 1 – Add [SANITIZER] or [DISINFECTANT] to control bacteria.]

[Step 2 – Add SHOCK to destroy contaminants.]

[Step 3 – Add ALGAECIDE to prevent algae before it starts.]

[All three steps are vital to achieve sparkling clean water.]

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage:** Keep this product dry in a tightly sealed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all material before discarding the container.

**Pesticide Disposal:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse (or equivalent) promptly after emptying.
